REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-4 are allowable since the Terminal Disclaimer filed March 2, 2006 has been approved and overcomes the remaining double patenting rejection. Furthermore, claim 1 has been further amended to recite details of the pulley holder portion and the gear holder that project to contact the clutch spring. Concerning claims 5 the claim recites the combination of a clutch device of a recording device comprising a central shaft, a drive pulley, driving means, a gear, a cylindrical holder, a clutch spring, and a pair of transmitting paths arranged in a patentably unique manner. Concerning claims 6 the claim recites the combination of a clutch device of a recording device comprising a central shaft, a drive pulley, driving means, a gear, a cylindrical holder, a clutch spring, and three transmitting paths arranged in a patentably unique manner. The resulting combinations are not shown or taught by the prior art of record.
